PROJECTS UPDATE

RA1. REHABILITATION AND DESLUDGING OF KANG'OKI SEWERAGE TREATMENT WORKS

Desludging of anarobic sewer ponds is ongoing as well as construction of sewer distribution chambers and construction of additional piers while reinstatement of collapsed DN 315 UPVC sewer line is completed

RA2. BIAFRA SEWER LINE EXTENSION

The construction of sewer lateral in Biafra area is still on going. We are currently reconstructing manhole cover slabs and manhole walls.

3. CASTLE-KIANJAU SEWER LATERALS

Thiwasco is constructing sewer laterals aimed at expanding the current sewer network as well as to provide sustainable sanitation options to the residents and companies within Castle - Kianjau area behind Thika West Centre. The project is currently ongoing with excavation of trenches, laying of pipeline, installation of iron steps and casting of manhole walls.

4. KIANDUTU STORM WATER DRAINAGE

In conjunction with the County Government of Kiambu, we are constructing storm water drainage systems in Kiandutu area. This will help reduce contamination and eliminate breeding grounds for diseases.

We are currently doing trench clearance and alignment, side walls stone pitching, curring, joining joints of basement bed and moulding of side walls.

CUSTOMER SERVICE WEEK

Thiwasco celebrates all our customers during the customer service week that was marked world wide. We sincerely thank our esteemed customers for their continued support and co-operation.

We wish to assure our customers that we shall endeavour to continue offering the best quality services and our commitment always remains focused on delivering exceptional service to all.

Happy Customer Service Week to all our customers

TREE PLANTING - 2023

Thiwasco in partnership with our stakeholders, held a Tree Planting Event at our Kang'oki New Sewerage Treatment Works in Kiganto. Over 5,000 Fruits and Indigenous trees were planted in a move to conserve the environment to combat climate change and as part of Kenya's Landscape and Ecosystem Restoration Programme-Towards the Growing of Fifteen (15) billion trees.

We have set a target to plant over 5000 trees every year and in this financial year 2023, we have planted and donated over 12,000 trees seedlings.

BEAUTIFICATION OF LOWER MAMA NGINA GARDEN

Beautification of lower Mama Ngina garden is ongoing. This is an initiative of the County Government of Kiambu in conjunction with Thiwasco. We are currently weeding, planting of pemba grass on the upper part of the garden, cultivating along the edges of the garden in preparation for tree planting. Tree seedlings have been delivered ready to be planted at the Garden.

CORPORATE SOCIAL INVESTMENT

Thiwasco in partnership with the County Government of Kiambu donated 10 Hp desktop computers as part of our Corporate Social Investment(CSI) to Chania Girls High School. We are dedicated to enhancing and advocating for information and communication technology (ICT) in an era where greater access, generation, and sharing of ideas has become achievable by more individuals. Thiwasco actively encourages the integration of ICT infrastructure in educational institutions and the enhancement of essential ICT skills in today's world.
