access to clean water and  
sanitation

## GREENING OUR WATERWAYS

An initiative that focuses on restoring and  
protecting riparian zones... aimed at  
improving water quality, reducing soil  
erosion, and enhancing biodiversity

# STORM WATER DRAINAGE PROJECTS

---

## Ngoingwa storm water drainage

Thika Water and Sewerage Company Ltd (THIWASCO), in partnership with the Kiambu County Government, is making significant strides in addressing stormwater challenges in Ngoingwa. Together we aim to reduce flooding by implement comprehensive drainage systems to protect homes, businesses, and roads from the adverse effects of heavy rains.

## Witeithie storm water drainage

Thika Water and Sewerage Company Ltd (THIWASCO), in partnership with the Kiambu County Government, is undertaking the construction of stormwater drainage system in Witeithie. This will ensure a safer, more sustainable living environment for the community.

## Kiandutu storm water drainage

Thika Water and Sewerage Company Ltd (THIWASCO), in collaboration with the Kiambu County Government, is spearheading the construction of a modern stormwater drainage system in Kiandutu. This project aims to enhance living conditions by improve public safety and hygiene through the reduction of water stagnation and related health risks.

# ON-GOING PROJECTS UPDATE

## Kianjau - Castle sewer extension project

The objective of the Kianjau-Castle Sewer Extension Project is to enhance access to efficient and environmentally sustainable sanitation services for the residents of Thika. By extending the sewer network to the Kianjau and Castle areas, Thika Water and Sewerage Company Ltd (THIWASCO) aims to:

1. Improve Public Health
2. Protect the Environment
3. Enhance Quality of Life.

This project is part of THIWASCO's commitment to delivering quality services and fostering sustainable urban growth in Thika.

## Gatuanyaga water extension project

Laying of OD 110 water pipeline

The objective of the Gatuanyaga Water Extension Project is to improve access to clean and reliable water supply for the residents of Gatuanyaga. Thika Water and Sewerage Company Ltd (THIWASCO) aims to Ensure consistent and reliable water service, improving customer satisfaction.

This project reflects THIWASCO's commitment to equitable water distribution and improving the lives of residents in Gatuanyaga.

## Salama water extension project

This project is a key initiative aimed at improving access to water and service reliability in the Salama area. The project reflects THIWASCO's commitment to investing in infrastructure that meets the growing needs of our community.

## Magana Borehole project

The objective of the Magana Water Borehole Project is to provide a sustainable and reliable source of clean water for the residents of Magana. Thika Water and Sewerage Company Ltd (THIWASCO) seeks to achieve the following through this project:

Increase Water Supply, enhance Water Accessibility, Promote Public Health, support sustainable development.

The Magana Water Borehole Project aligns with THIWASCO's mission to deliver quality water services and improve the livelihoods of the communities it serves.

# ON-GOING PROJECTS UPDATE

## **Projects Preview**

Thika Water and Sewerage Company Ltd (THIWASCO) continues to prioritize infrastructure development and service enhancement through various projects aimed at meeting the growing needs of our community. Here's a summary of our ongoing initiatives

- Plastering of internal and external walls of the new office block at the head office.
- Construction of chambers for valves and fittings at Ndula Kilimambogo
- Installation of composite covers to chambers and installation of valves and fittings completed at Salama area
- Replacement of low lift pump
- Excavation of trenches and laying of OD 110 water pipeline ongoing at Kianjau - Castle area
- Butt fusion and laying of OD 110 water pipeline ongoing at Gatuanyaga

These projects underscore THIWASCO's commitment to delivering high-quality water and sanitation services, fostering sustainable development, and enhancing the quality of life for the residents of Thika.

# Tree planting event

*Thiwasco and other stakeholders during a tree planting session along river Chania*

THIWASCO, in collaboration with the County Government of Kiambu, Water Resources Users Association (WRUA), National Government Administration Officers, and local residents, organized a bamboo tree-planting initiative along the Chania River's riparian land

This effort aligns with our mandate to mitigate flooding and soil erosion by dissipating the river's energy. Over 500 bamboo trees were planted, a species renowned for its exceptional land-stabilizing properties and its ability to enhance water quality.

*"Let's restore and protect our riparian zones - one tree at a time."*

Riparian zones are crucial for maintaining water quality, preventing erosion, and supporting biodiversity. By planting trees in these vital areas, we not only strengthen our ecosystems but also safeguard the health of our rivers and lakes. Together, through conservation and responsible tree planting, we ensure cleaner water, healthier habitats, and a more resilient environment for generations to come.

# *Congratulations*

As you celebrate this milestone, know that we are proud to have such talented individuals on our team.

*Alice Njoki*

*Francis Kibe*

*Beth Nyokabi*

*Peter Kimani*

*Jane Wamaitia*

*Peter Njoroge*

*Joan Murugi*

*Janet Mwishaki*

Here's to many more achievements in your journey of excellence!

Thika Water and Sewerage Company Ltd (THIWASCO) is proud to celebrate the remarkable achievements of our team members who recently graduated from the Kenya Water Institute (KEWI) under the sponsorship of DANIDA.

This milestone is not just a personal success but a significant step towards enhancing service delivery and innovation within our organization. We are confident that the expertise you've gained will contribute to improving water supply and management for the benefit of our community.

Congratulations once again! The entire THIWASCO family celebrates with you and wishes you continued success in your careers. Keep reaching for greater heights.
